PLATTING REQUIREMENTS

For any land which has been rezoned upon application of a private party, no building permit or zoning clearance permit may be issued until that portion of the tract on which the permit is sought has been included within a subdivision plat or replat, as the case may be, submitted to and approved by the Planning Commission, and filed of record in the office of the County Clerk where the property is situated. Provided that the Planning Commission, pursuant to their exclusive jurisdiction over subdivision plats, may waive the platting requirement upon a determination that the above stated purposes have been achieved by previous platting or could not be achieved by a plat or replat.

Planned Unit Development Subdivision Plat

A Planned Unit Development subdivision plat shall be filed with the Planning Commission and shall be processed in accordance with the Subdivision Regulations, and, in addition to the requirements of the Subdivision Regulations, shall include:

1. Details as to the location of uses and street arrangement;
2. Provisions for the ownership and maintenance of the common open space as will reasonably insure its continuity and conservation. Open space may be dedicated to a private association or to the public, provided that a dedication to the public shall not be accepted without the approval of the City Council and adequate provision made for the costs of maintenance; and
3. Such covenants as will reasonably insure the continued compliance with the approved development plan. In order that the public interest may be protected, the City of Sand Springs shall be made beneficiary of covenants pertaining to such matters as the requirement of approval of detail plans prior to the issuance of any permits, location of uses, height of structures, setbacks, screening, open space, signage and access. Such covenants shall provide that the City of Sand Springs may enforce compliance therewith, and shall further provide that amendment of such covenants shall require the approval of the Planning Commission and City Council and the filing of record with the County Clerk a written amendment to the covenants, endorsed by the Planning Commission and City Council.

I do hereby certify that I have read and understand the above mentioned requirements and that I will plat, replat or have the platting requirements waived for the subject property involved.
