

City of Sand Springs

Refuse Collection Information

Your collection day is _____. Call 918-246-2588 to request a trash kart.

WHEN YOUR REFUSE WILL BE COLLECTED

It is a city-wide policy to have your polykart out on the curb by **6:00 a.m.** on your designated collection day. If that time is inconvenient, we recommend you set your trash out the night before your collection day. A map of the collection days is available for viewing on our website at www.sandspringsok.org.

WHAT WILL BE COLLECTED

Only normal-household refuse in the polykart or trash bags will be collected by the Solid Waste Department. **Please bag your garbage and trash** in any size bags and tie them before placing in the polykart. If loose trash falls out while being emptied, the Crew cannot slow up their route to pick up all the loose trash that should have been bagged. If you have more refuse than your polykart will easily hold, put it in trash bags, tie, and set them on top of or beside your kart. Do **NOT** warp the lid by over cramming too many bags inside, causing the lid to not close. This will cause damage to the lid of the polykart. **You are allowed up to eight (8) bags or limb bundles around your kart.** You can fill the bags with leaves, grass clippings, household trash, old clothes, papers, etc., to be removed on collection day. **Do NOT fill your kart or bags with rocks, dirt, bricks, sand, concrete or other heavy materials because it cannot be hydraulically lifted by the truck without causing it to break apart.** **Private trash cans are not allowed and will not be emptied** – only extra bags or items are allowed around your kart. If you have a private trash can that needs to be thrown away, put a sign on it that tells the Solid Waste Crew that the container itself and what's inside is trash to be thrown away.

LIMBS OR BRUSH

Brush and limbs must be tied in bundles not to exceed 35 pounds, and up to **eight (8) bundles** around your kart. They should be no more than **four (4) inches** in diameter and cut in lengths of less than **(4) feet**. The bundles must be placed on the ground beside the polykart or on top of the kart. If you have a few short limbs that will fit comfortably in the polykart, you can place some in the kart. If any loose limbs or brush fall out while being emptied, the Crew will not slow up their route to pick them up. **NOTE:** The City of Sand Springs offers a free service once a month (usually the first Saturday of each month) called Chipper Days, if you reside inside the city limits, you may take your **limbs and brush** along with your water/refuse bill to the Street Department. Visit our website www.sandspringsok.org for more details about Chipper Days or call 918-246-2588.

WHERE AND HOW TO SET A POLYKART FOR COLLECTION

Place the polykart no less than four (4) feet from the curb or street, with the handle facing the street. After the karts are emptied, the Crew will turn the polykart sideways. This way, you can easily see if your kart, or your neighbor's, was emptied. Do **NOT** leave your kart at the curb or street all week long. This is against **City Ordinance 1129** and you are subject to a fine if the city ordinance is not adhered to. Taking your polykart back to your house helps avoid theft, vandalism, pranks, and keeps it from blowing into the street and causing accidents, and also keeps Sand Springs looking clean and neat.

EXTRA PICK-UP OR BULKY PICK-UP

If you failed to place your trash at the curb on your designated collection day by 6:00 a.m. and your trash did not get emptied, the Crew, per customer request, will return to empty the polykart for a **fee of \$28.14** which will be added to your water/refuse bill. If you have extra trash that needs to be removed before or after your collection day, or if you have something large and bulky that is not common household trash that needs to be removed (i.e., couch), the Crew can come and remove it for a **fee of \$28.14**, and the charge will be added on your water/refuse bill. **NOTE:** If the items are too numerous to be considered a general "extra pick-up" or "bulky pick-up", then we also have **roll-off dumpsters available to rent.** (Call 918-246-2588 for details)

DISABLED CUSTOMER

Physically disabled persons may contact Public Works at 918-246-2588, if they are physically unable to take the polykart to the curb or street for collection. The customer will be asked to provide a doctor's statement verifying the fact that he/she is disabled.

ABOUT THE POLYKART

The 90-gallon, 1 cubic foot polykart is owned by the City of Sand Springs and provided for your use. The rate you pay if for refuse service once a week. You are responsible for the care and cleanliness of your polykart. It can be easily cleaned with a water hose, detergent and brush.

Do **NOT** use gasoline or cleaning solutions on it.

Do **NOT** put charcoal or fireworks in it, even if you believe they are put out, because they often smolder and burn up the kart. If that happens, the city can charge you \$100.00 to replace it. That charge would be added to your water/refuse bill.

Do **NOT** put rocks, dirt or other heavy material in it because it cannot be hydraulically lifted without causing it to break apart (as previously explained).

Do **NOT** paint on it. You are responsible for the safekeeping of the kart. Keep it in your garage, if possible, or beside your home until collection day, and then bring it back your home after collection, as previously explained.

If your kart needs repaired or replaced, please call 918-246-2588.

ABOUT OUR RECYCLING EFFORTS

The Sand Springs Recycling Center on E. Morrow Road is open to the public seven (7) days a week. Hours of operation are Monday – Sunday 9:30 a.m. – 4:00 p.m. The center accepts plastic bottles, glass bottles, newspaper, office paper, magazines, aluminum cans, motor oil (5-gallon limit), batteries (household & auto), cooking oil, eyeglasses, steel cans, corrugated cardboard (no paperboard), phone books, and electronic waste. For more information, or to ask a specific question, call the Tulsa Metropolitan Environmental Trust (MET) at 918-584-0584.

HOLIDAY SCHEDULE

Every year the Holiday Refuse Schedule is put in the Sand Springs Leader, as well as sent in the water/refuse bill. Also, before every Holiday there will be a statement on the face of the water bill telling about the Holiday Schedule. If a City Holiday falls on a Friday, and the Sanitation Crew is not working that day, then those Friday customers will be collected the Wednesday before. If a City Holiday falls on a Monday, and the Sanitation Crew is not working that day, then those Monday customers will be collected the Wednesday after. This is general information regarding the Schedule and is subject to change. For further questions regarding the Holiday Schedule please visit our website at www.sandspringsok.org to view the Schedule or you may call the Public Works Dept. at 918-246-2588.

IF YOU MOVE

If you move, do **NOT** take the polykart with you. If it is empty when you move, leave it at the home where it can be found by the next customer. If it has garbage in it, place it on the curb for collection. If your new address is in Sand Springs, that address should already have a kart there. If it is missing, call 918-246-2588.
