E. The applicant shall be responsible for mailing the written notice to all owners of the property within a three hundred (300) foot radius of the exterior boundary of the subject property, and shall be responsible for the accuracy thereof. Any action taken by the board of adjustment on an application at a public hearing shall become null and void if the applicant fails to comply with requirements set forth in this section on notice of public hearing. (Prior code § 12-304)

Section 2.56.050 Fees.

An application for an appeal from the building inspector, variance, or special exception shall be accompanied by the payment of a fee as set by the City Council by motion or resolution. (Prior code § 12-305)

Section 2.56.060 Appeals from the building inspector.

A. An appeal to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureaus of the city affected, where it is alleged there is error in any order, requirement, decision or determination of the building inspector in the enforcement of the zoning regulations of the city.

B. An appeal shall be taken within ten (10) days from the determination complained of by filing with the building inspector and with the secretary of the board a notice of appeal, specifying the grounds thereof. The building inspector, upon receipt of notice, shall transmit to the secretary of the board and the City Clerk certified copies of all the papers constituting the record of the matter. Upon receipt of the record, the secretary shall cause an investigation to be made upon the appeal and shall set the matter for public hearing.

C. The board shall hold the public hearing. The board may reverse or affirm, wholly or in part, or may modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken. The board shall make its decision within thirty (30) days after the final hearing, and the decision shall be in writing and filed of record in the office of the City Clerk. The concurring vote of three members of the board shall be necessary to reverse any order, requirement, decision, or determination of the building inspector. A decision of the board shall not become final until the expiration of fifteen (15) days from the date such decision is made, unless the board shall find the immediate taking of the decision is necessary for the preservation of property or personal rights and shall so certify on the record.

D. An appeal stays all proceedings in furtherance of the action appealed from, unless the building inspector from whom the appeal is taken certifies to the board of adjustment, after the notice of appeal shall have been filed with him or her, that by reason of facts stated in the certificate, a stay would in his or her opinion cause imminent peril to life or property. In such case, proceedings shall not be stayed other than by a restraining order granted by the board or by the court of proper jurisdiction on due and sufficient cause shown. (Prior code § 12-306)

Section 2.56.070 Interpretation.

A. The board shall interpret the text of the zoning regulations or the official zoning map upon an appeal from a determination of the building inspector after compliance with the procedural standards of Section 2.56.060 of this chapter.

B. Where a question arises as to the zoning district classification of a particular use, the board of adjustment, upon written request of the building inspector, may find and determine the classification of the use in question and may, prior to such determination, order the giving of notice and hold a public hearing. (Prior code § 12-307)

Section 2.56.080 Variances.

A. The board of adjustment, upon application, and after notice and public hearing, and subject to the procedural and substantive standards hereinafter set forth, may grant such variance from the terms of this code as will not cause substantial detriment to the public good or impair the spirit, purposes and intent of the city's zoning regulations, or the comprehensive plan, where by reason of exceptional narrowness, shallowness, shape, topography, or other extraordinary or exceptional situation, condition, or circumstance peculiar to a particular property, the literal enforcement of the zoning regulations will result in unnecessary hardship. The board shall not vary any jurisdictional requirement, such as notice, when it is required. The board shall not permit by variance a principal use not otherwise permitted in the applicable district, it being the expressed spirit and intent of the zoning regulations that a change of the permitted principal uses shall be made by ordinance amendment of the zoning code or official zoning map.

B. A request for a variance shall be initiated by the filing of an application with the city and shall be set for public hearing by the secretary in accordance with the rules established by the board.

C. The board shall hold the public hearing and, upon the concurring vote of three members, may grant a variance after finding:

1. That by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure, or building involved, the literal enforcement of the terms of the zoning code would result in unnecessary hardship;

2. That such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and

3. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the zoning code, or the comprehensive plan.

D. The board in granting a variance shall prescribe appropriate conditions and safeguards, and may require such evidence and guarantee or bond as it may deem necessary to enforce compliance with the conditions attached.

E. A variance which has not been utilized within two years from the date of the order granting the variance shall thereafter be void. For the purpose of this provision, utilization shall mean actual use or the issuance of a building permit, when applicable, provided construction is diligently carried to completion. (Prior code § 12-308)

Section 2.56.090 Special exceptions.

A. The board of adjustment, upon application, and after notice and public hearing, and subject to the procedural and substantive standards hereinafter set forth, may grant the following special exceptions:
