Sand Springs Business Community

Dear Business Leaders,

I know each of you have been following Coronavirus (COVID-19) and its spread across the country. We have been in the preparation mode for our city and emergency services operations, but we must now move on to a stage of mitigation of damage to our community.

### **We need your help**

I am asking that as business leaders, I ask you to voluntarily comply with the recommendation of the Tulsa County Health Department to limit the amount of person-to-person contact you have in your business.

For restaurants, we are asking that you voluntarily close the dine-in portion, of your restaurant effective today. We encourage you to keep options open for delivery or curbside service at your establishment.

If your establishment is a bar, we are asking that you voluntarily close until the situation is under control.

If your establishment is a gym, we are asking that you voluntarily close until the situation is under control.

If your establishment is an entertainment venue, such as skate center or billiards hall, we are asking that you voluntarily close until the situation is under control.

If your establishment is a hair/barber shop, nail salon or massage parlor, we are asking that you voluntarily close until the situation is under control.

We do not make these requests lightly. City operations depend upon sales tax, but we must all do what it takes to lessen the impact upon the population of Sand Springs. As a way to lessen the financial impact on those businesses that comply with our request, we will be using our communication resources to encourage citizens to take advantage of your products and services through the alternative means you set in place. You can sign up to be included in this campaign by going to: <https://www.sandspringsok.org/c-19bp>

Please let us know if your business has any questions. You may contact us by calling (918)246-2612 or (918)246-2529 and asking for the Coronavirus Desk from 8:00 a.m. to 5:00 p.m. Monday-Friday. For after-hours concerns, you can call our police/fire dispatch at (918)245-8777.

Respectfully,

---

Elizabeth Gray  
City Manager
