

KEYSTONE ANCIENT FOREST

Track-Chair Program

TRANSFER OPTIONS:

If you require special accommodation for transfer into the Track-Chair, you must bring a friend or caregiver to assist. Keystone Ancient Forest staff and volunteers are able to assist with transfers, but may be limited in the level of assistance they can provide.

PETS/SERVICE ANIMALS:

Due to the inherent risk posed by the Track-Chair itself, and a concern for the safety of your pet or service animal, Track-Chair operators are not permitted to possess pets/service animals while operating the Track-Chair. It is not recommended that pets or service animals accompany you on your trip, however if it is necessary to bring your pet or service animal on the Track-Chair trip, they will be required to be kept under the control of an accompanying friend or caregiver. Preserve regulation mandates that all pets must be kept on a 6ft leash.

•Here is a list of items to consider bringing with you:

- Water (more than you think you need)
- Required medications and medical supplies
- Weather appropriate clothing
- Seat cushion
- Hat or sun visor
- Sun block
- Sun glasses
- Snacks
- Camera

[Click here for reservations.](#) A Trail Ambassadors will provide support for Track Chair user.
